Overview

Microsoft 365 – one platform to rule them all

**Microsoft Teams – the front door to your
Digital Workplace**

Microsoft 365 – One Platform to Rule Them All

There Are Two Types of Companies

Inspired by a true story

Google Workspace

Vimeo

Zoom

Microsoft
365

Slack

Dropbox

Miro

Monday.com

AWS

Azure

Salesforce

Dynamics 365

**All trademarks are the property of their respective owners*

The Cost of Multiple Platforms

Cost of licensing will be bigger with multiple vendors

- *But that's not the biggest cost!*

Employee productivity is hurt by switching between multiple platforms

- Different user interfaces
- Multiple trainings required
- Not always well integrated
 - Sometimes require multiple identities

Security & Compliance Challenges

Security & Compliance teams also need to support multiple vendors

Each with their own settings and limitations

Extra effort when you need to retrieve information

Ex: viewing the audit log for a user

Microsoft 365 Unified Audit Log

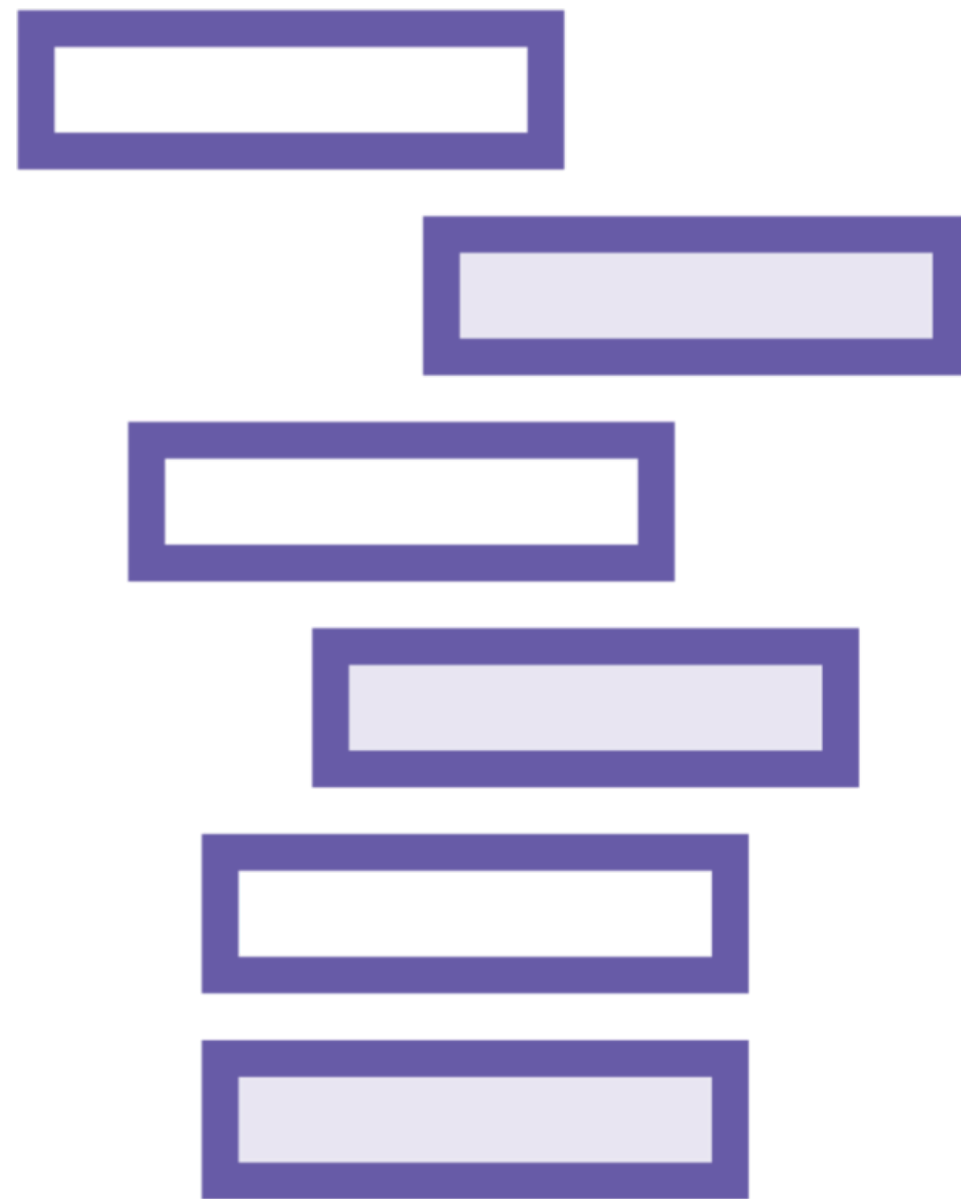

Combine audit logs from multiple apps and vendors

Microsoft Teams – The Front Door to Your Digital Workplace

Microsoft Teams as a Digital Workplace

Microsoft Teams has many of features as a standalone product

- Meetings
- Chat
- Phone

It was built to be much more than that!

- It was built to be the one and only app that users need to open to get work one
- All the other Microsoft 365 can be consumed from Microsoft Teams

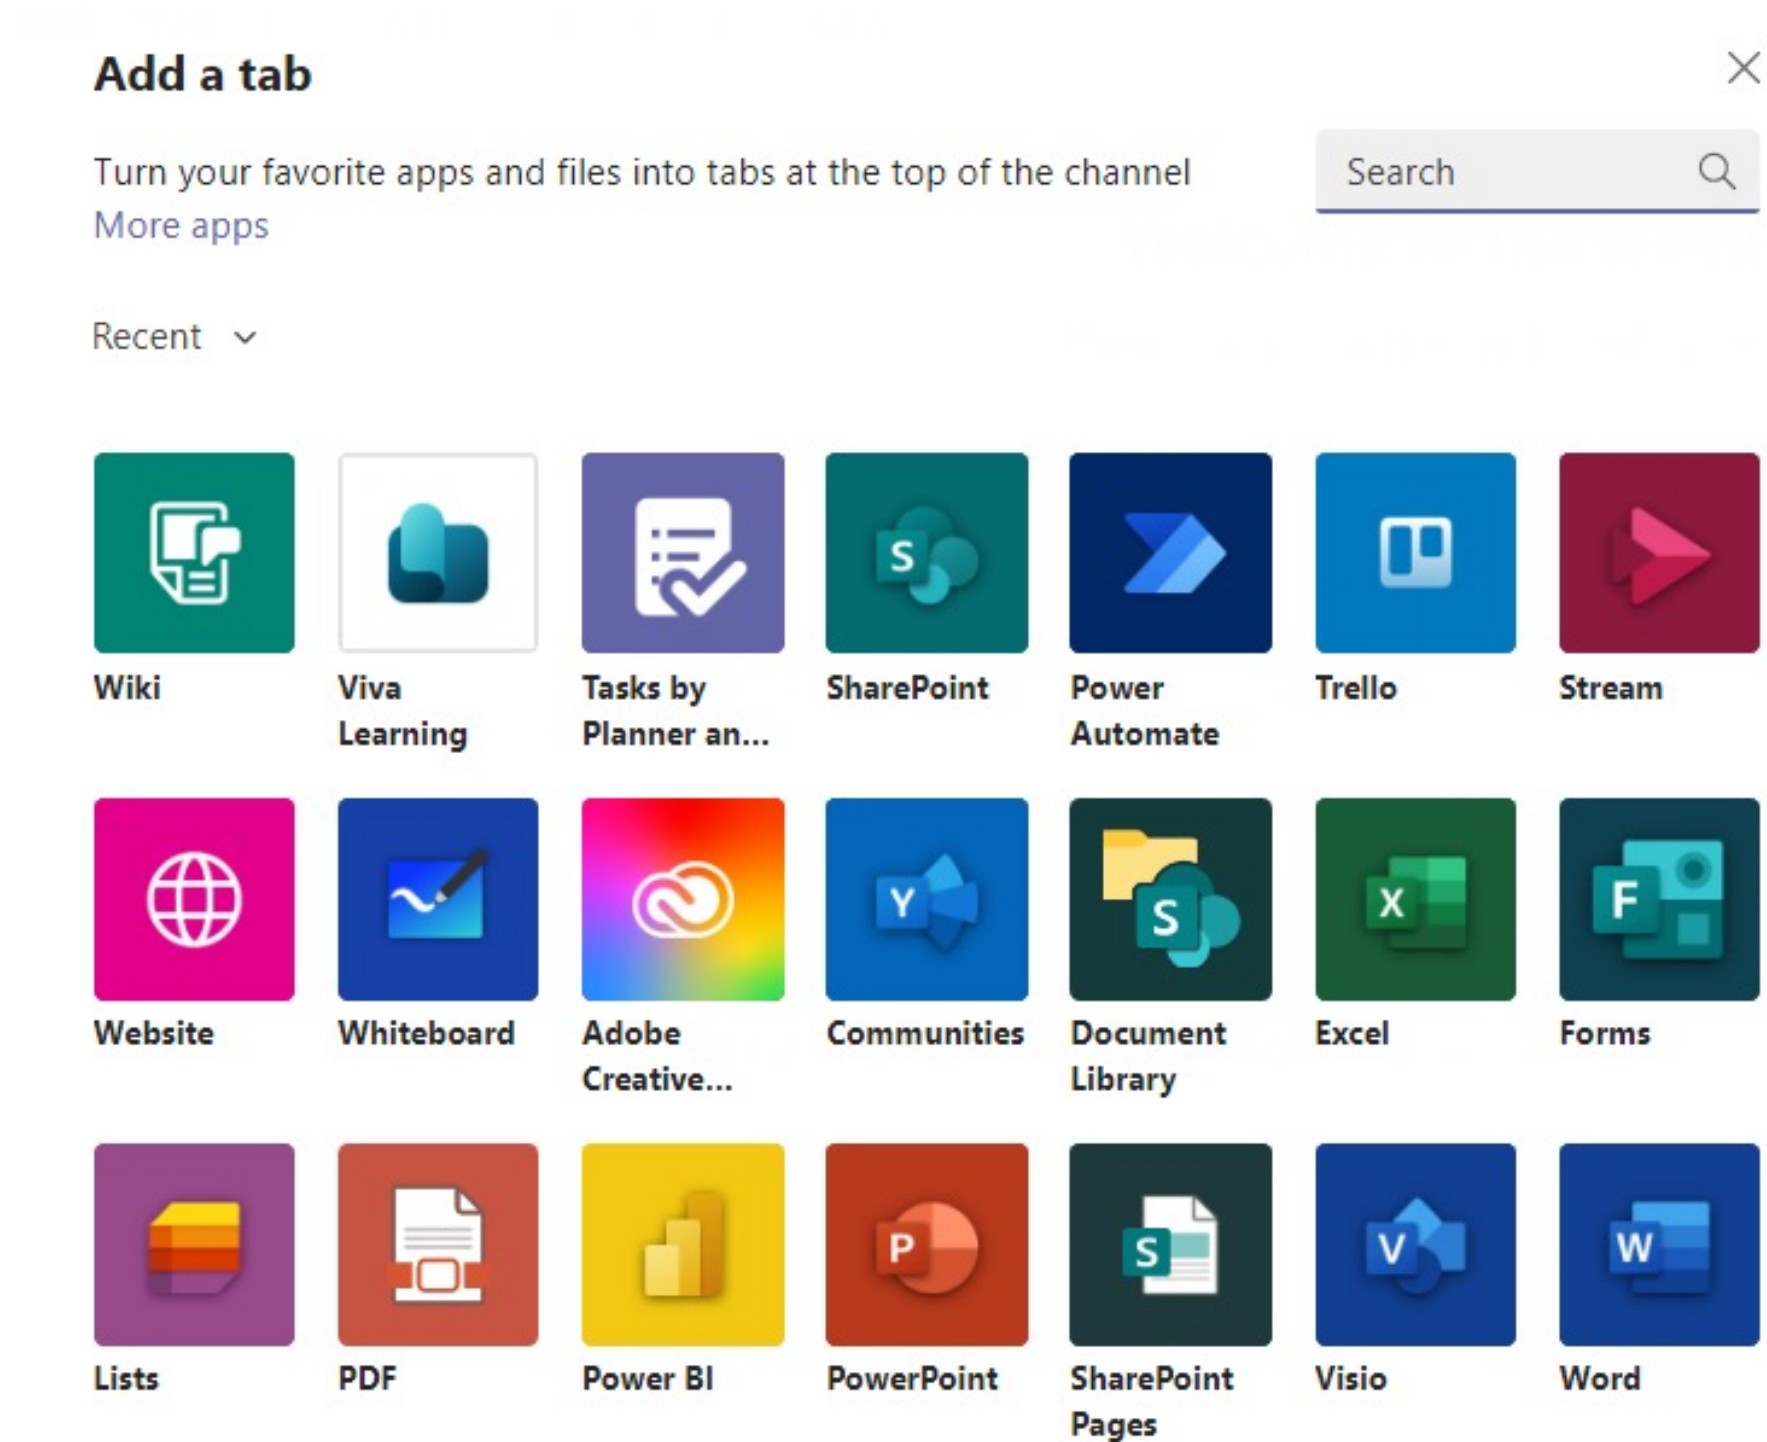

You can bring content into Microsoft Teams in multiple ways

As a tab to a specific channel

As a personal app for a user

Users can do all of their work without ever quitting Teams

3rd Party & Custom Apps As Well!

The screenshot displays the Microsoft Teams application interface, specifically the 'Store' section. The top navigation bar includes the 'Microsoft Teams' logo, a search bar, and a user profile icon. The left sidebar contains navigation links for Activity, Chat, Teams, Calendar, Calls, Files, and Viva Learning. The main content area is divided into several sections:

- Store Header:** Includes a search bar and a 'Search' button.
- Featured Section:** A dark blue banner with the text 'Start the new year right' and 'Add these apps to help make 2022 your most productive year yet.' It features four app icons: a green bird icon, a blue 'A' icon, an orange grid icon, and a yellow and blue diamond icon.
- Built for your org:** A section displaying custom apps created for the organization. It includes:
 - Collab Workspace Request:** Powered by Power Virtual Agents.
 - Globomantics HR Bot:** Powered by Power Virtual Agents.
 - Vlad's HR Bot:** Powered by Power Virtual Agents.
 - Globomantics Website2:** Created by Vlad.
 - Globomantics Website:** Created by Vlad.
- Popular across Teams:** A section displaying popular third-party apps. It includes:
 - Forms:** Microsoft Corporation.
 - Channel calendar:** Microsoft Corporation.
 - Power BI:** Microsoft Corporation.
 - Jira Cloud:** Atlassian.
 - Communities:** Microsoft Corporation.
 - Polly:** Polly.
 - Tasks by Planner and To Do:** Microsoft Corporation.
 - Power Automate:** Microsoft Corporation.
 - Power Apps:** Microsoft Corporation.
- Microsoft:** A section displaying Microsoft apps. It includes:
 - Forms:** Microsoft Corporation.
 - Channel calendar:** Microsoft Corporation.
 - Tasks by Planner and To Do:** Microsoft Corporation.

Each app card in the 'Built for your org' and 'Popular across Teams' sections includes an icon, the app name, and the provider. The 'Microsoft' section also includes an icon, the app name, and the provider. 'See all' links are provided for each of these sections.

Demo

**Microsoft Teams as the center of your
Digital Workplace**

Conclusion

Microsoft 365 – one platform to rule them all

Increase productivity & security

Microsoft Teams – the front door to your Digital Workplace

Microsoft 365 services

3rd party apps

Custom LOB applications

Up Next: Conclusion
