Microsoft Stream

Microsoft Stream

Enterprise video service in Microsoft 365 where users can

- Upload videos
- View videos
- Share videos securely

Used for meeting recordings, training, & more!

Microsoft Stream is on a journey of transformation

- From a dedicated app (now called Stream classic) to Microsoft Stream (built on SharePoint)

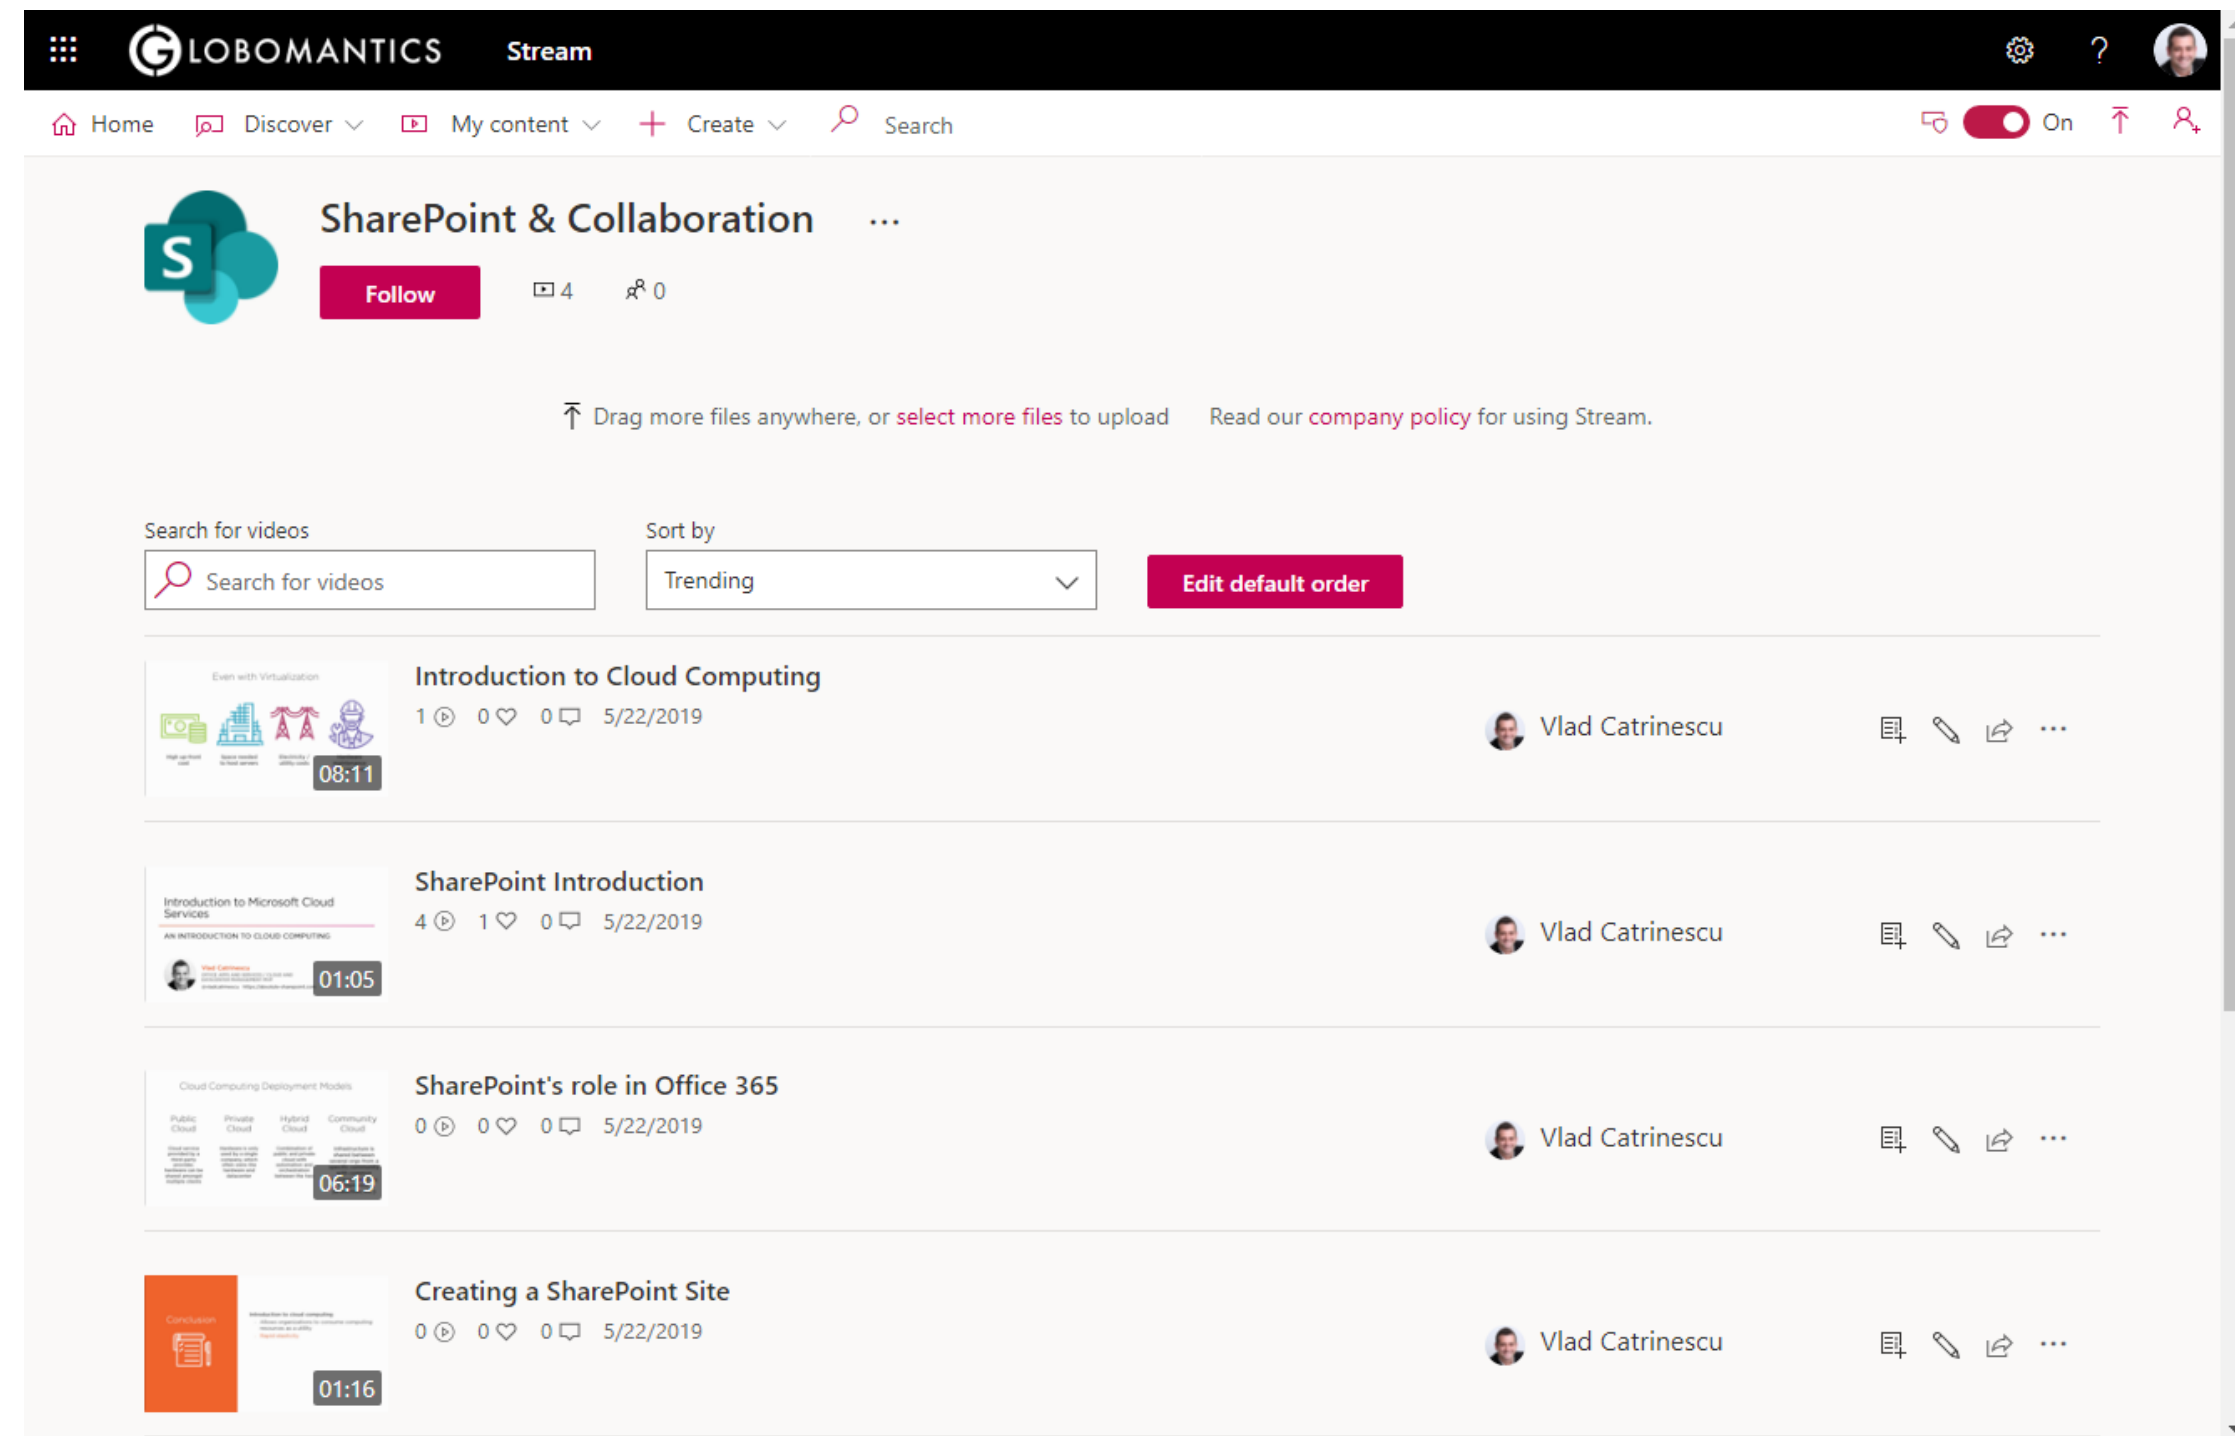

Stream classic was a
dedicated video portal

Groups

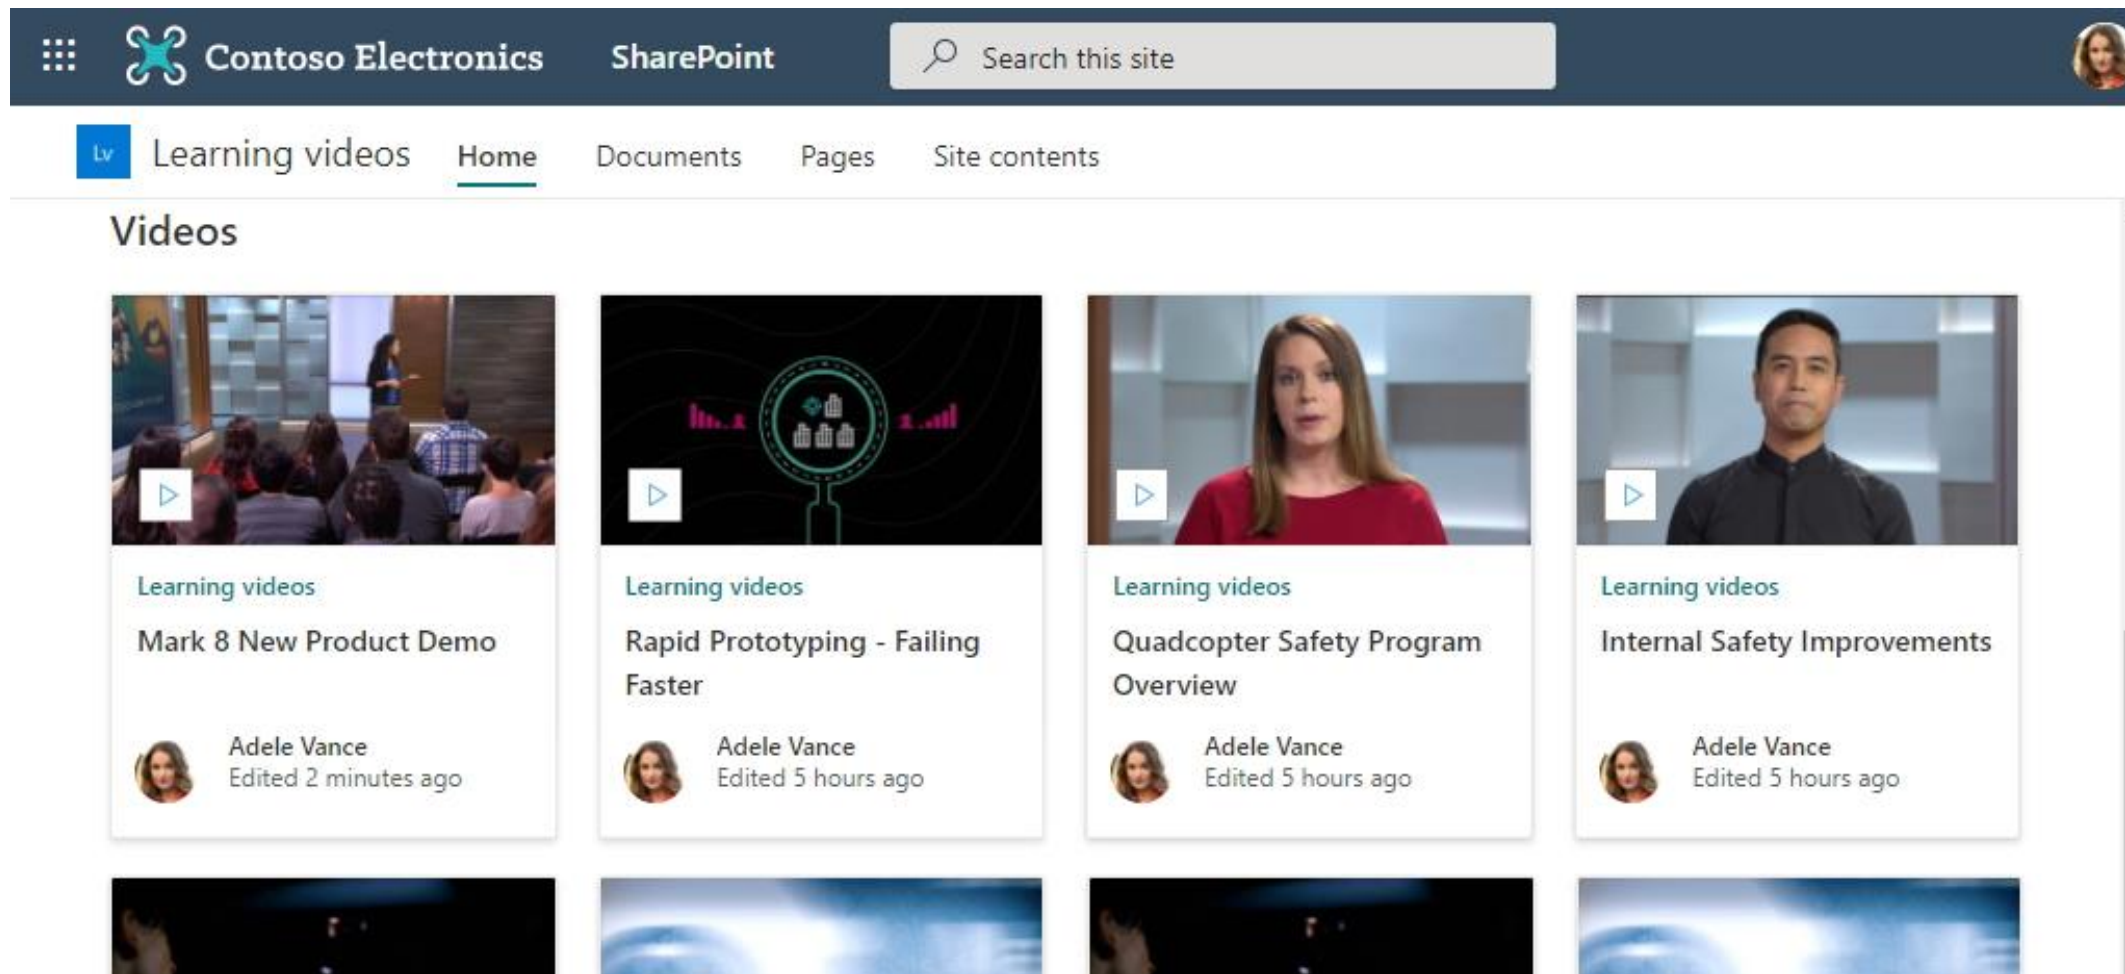

Channels

Microsoft did not
announce plans to retire
Stream classic

But it will eventually
happen

Microsoft Stream (Built on SharePoint)

Videos will now be in SharePoint
Users will be able to play them directly from SharePoint

Q&A

The screenshot shows a Bing search results page for the query "city center 6405". The search bar at the top contains the text "city center 6405". Below the search bar, there are tabs for "All", "Images", "Videos", "Maps", "News", "Shop", and "My saves". The "All" tab is selected. The main content area displays a map of a city center area with a red pin marking a location. To the left of the map, the text "City Center / Studio Space 6405" is visible. To the right of the map, there are two panels: "Files" with "8+ results" and "Sites" with "8+ results". Below the map, there are search results for "City Center Bellevue" and "Amato's in Omaha".
