Introduction to Microsoft Purview

Microsoft Purview

Microsoft Purview is a comprehensive set of solutions that can help your organization govern, protect, and manage data, wherever it lives. Microsoft Purview solutions provide integrated coverage and help address the fragmentation of data across organizations, the lack of visibility that hampers data protection and governance, and the blurring of traditional IT management roles.
Microsoft Purview is the name for the suite of all Microsoft compliance solutions

Combines:

Microsoft 365 compliance

Azure Purview

Data Security — For information and cybersecurity teams

Microsoft Purview

Data Governance — For data consumers, data engineers, data officers

Risk & Compliance — For risk, compliance, and legal teams
